

Management Review Committee

Record of Decision

Record of decision
number:

83:110

Proponent: National Office Support Centre

Submission No:

232/83

Subject: MOISTURE INDUCED PROBLEMS IN HOUSING
IN NEWFOUNDLAND (PART V NHA)

At a meeting held on 17 May 1983, the above submission was considered by Management Review Committee which recommended that:

1. the Provincial Director and Manager, St. John's Branch, be responsible for CMHC's participation in a federally supported Newfoundland communications program on moisture induced problems in housing;
2. the Director, Information and Communications Centre, be responsible for development of the communications material for CMHC's participation in this program;
3. the Director, National Office Support Centre (NOSC), be responsible for providing CMHC technical data in support of this program;
4. CMHC provide financial support for the development and realization of this Newfoundland communications program to the extent of 50% of the cost up to a limit of \$100 000 and also technical support for its development;
5. funds for CMHC's share of the communications program be provided from Information and Communications under Part V of the National Housing Act through a transfer from the provision of \$250 000 for the federal visibility program.

PRESENT: CHAIRMAN - R.J. Boivin
 MEMBERS - G.D. Anderson, C. Poirier-Defoy (for L.I. Birtz),
 E.A. Flichel, N.E. Hallendy, J.B. Lacombe,
 R.D. Warne
 OTHERS - C.K. Caesar, M.C. Vienneau
